Rapid Mind's Tutorials

Marketing videos & posters: project summary

Details used in every piece

- **Tagline:** "Empower Your Mind, Education is the Key!"
- **CBSE:** Classes 5th to 10th · **State Board:** Classes 5th to 12th, with **Commerce** for 11th & 12th
- **Address:** First Floor, Lagad Pride, Line Ali, Old Panvel, Maharashtra 410206
- **Brand colours:** taken from the logo (magenta, navy and the logo's ring colours)

All finished files are in the GitHub repository `dev-parthdeshmukh/rmt`, on the branch `claude/tutorial-motion-graphic-ad-70yi04`. Each folder also holds a README and the editable source, so text, colours or timing can be changed and the piece re-made. All music was created from scratch, so there are no copyright issues.

Finished work

1. Soothing Ad Video (Style 1)

40 seconds · 1920×1080 · with music · `motion-graphic-ad/`

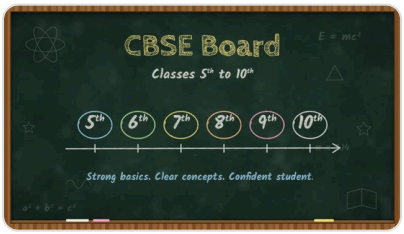

Soft pastel colours, gentle floating maths symbols and calm ambient music. It opens with the logo and tagline, then shows a CBSE scene (classes 5th to 10th), a State Board scene (5th to 12th, with Commerce for 11th & 12th), a map with the address, and an end card with "Enroll Today".

2. Instagram Story Poster: Admissions Open

1080×1920 PNG · `instagram-story/`

Matches the pastel style of video 1. It has the logo, a large "ADMISSIONS OPEN" banner, cards for CBSE and State Board (including Commerce), an "Enroll Now" button and the address. Key content is kept clear of the areas Instagram covers with its buttons.

3. Chalkboard Ad Video (Style 2)

30 seconds · 1920×1080 · with music · `motion-graphic-ad-2/`

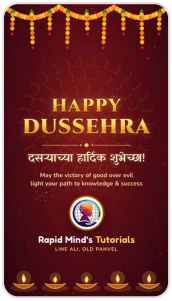

A dark green chalkboard in a wooden frame, with hand-written chalk lettering and doodles. A chalk number line shows the classes, an eraser wipes between scenes, and the music is an upbeat marimba tune. Scenes: logo intro, CBSE, State Board with Commerce, "Find Us Here" with a chalk map, and "Admissions Open!".

4. Bold Pop Ad Video (Style 3)

30 seconds · 1920×1080 · with music · `motion-graphic-ad-3/`

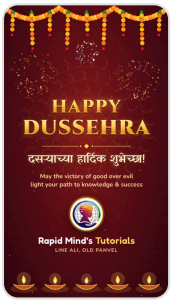

Bright yellow, blue and pink colour blocks with thick black outlines. The class numbers appear as chunky sticker tiles, coloured stripes sweep across between scenes, and a ticker scrolls the courses and address along the bottom. The music is an energetic electro-pop beat with a whoosh and boom on each scene change.

5. Happy Dussehra Greeting Video

6 seconds · 1080×1920 (for WhatsApp Status, Instagram Stories and Reels) · with music · `dussehra-greeting/`

Maroon, saffron and gold, with a marigold garland and a rotating mandala. A golden bow fires an arrow that bursts into fireworks, revealing “HAPPY DUSSEHRA” and “दसऱ्याच्या हार्दिक शुभेच्छा!”. A message about the victory of good over evil follows, then the logo and “Line Ali, Old Panvel”. Diyas glow along the bottom, and the music has dhol-style drums, a santoor-like tune and bells.

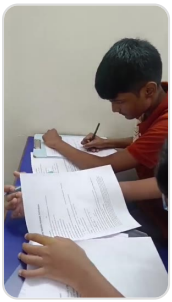

6. Happy Dussehra Poster

1080×1920 PNG · `dussehra-greeting/`

A still poster in the same design as the Dussehra video, with the fireworks placed in the top corners so all the text stays easy to read.

In progress: classroom “Test Day” Instagram Reel

Paused on request · nothing for the reel is in the repository yet

You sent two WhatsApp videos of students writing a test in the classroom (478×850, 33 s and 9 s) and asked for a Reel with animations, transitions and motion graphics, using FilmCraft and EffectCraft. Those two tools failed to connect in this session, so the plan was to build the reel with code-driven motion graphics and ffmpeg instead.

Done so far: reviewed both videos, picked 8 strong moments and wrote the editing script for cuts, slow zooms, a colour boost and smooth transitions. The script was stopped before it ran.

Planned reel (about 23 s, 1080×1920): a “Test Day at Rapid Mind’s” title over the first clip, short captions such as “Focus mode: ON” and “CBSE & State Board • 5th–12th”, then an end card with the logo, “Admissions Open”, the courses and the address. The music would be upbeat, with whooshes on the transitions.

Optional extras offered along the way

- Add a phone number or WhatsApp contact (and the academic year, e.g. 2026–27) to the posters and end cards.
- Vertical 9:16 Reel versions of the landscape ad videos.
- Square (1080×1080) or 4:5 (1080×1350) versions of the posters for regular Instagram and Facebook posts.
- A Hindi version of the Dussehra greeting.
- Change or remove the extra slogans that were added (e.g. “Clear Concepts”, “Strong basics. Clear concepts. Confident students.”, “Drop by & meet us!”).
